The National Board of Diving & Hyperbaric Medical Technology is a not-for-profit organization recognized as tax-exempt under the United States of America Internal Revenue Code section 501(c)(3) to ensure that the practice of diving medicine and hyperbaric oxygen therapy is supported by appropriately qualified technologists and nurses, through respective certification pathways. Funding is generated solely through certification fees and sales of Board merchandise. The National Board of Diving & Hyperbaric Medical Technology does not host or receive funding from advertisers or any other forms of business.
