Title:	Improved and Updated GYN Orientation Book
Submitted By/Clinician Level:	Tanya Hoover, RN III
Team Members:	Tanya Hoover, RN
Purpose and Rationale:	This new updated GYN reference book will be an extra resource for new employees on orientation and PRN employees
Practice Change Anticipated:	New employees or orientees will have readily available information about equipment or procedures when they need it
Implementation Strategies:	<ol style="list-style-type: none"> 1. Gather information needed 2. Take pictures of the equipment 3. Print policies 4. Educate OR staff
Evaluation:	When presented to new orientees they found it helpful and a great resource.

If you've already done a literature review please attach this information.
 Include project timeline.
