

Reason for Recognition: Patient & Community - Centeredness

To: Katie Harding

Ashley and Katie (my safe patient handling superusers) blasted through a big list of new hire skills checkoffs. Thank you for helping to onboard new people. Your expertise & reliability is invaluable!

Reason for Recognition: Excellence

To: Katie Harding

Seth and Katie were on their best game today when the pressure was on. Their combined skills, knowledge, anticipation, and preparedness made a tough situation look easy. It was so cool seeing your experience and training come together to take EXCELLENT care of a sick baby. I'd want you guys in the trenches with me any day.

Reason for Recognition: Teamwork

To: Katie Harding

Katie was called in to an Emergency Department that, even by Emergency Room standards, was out of control with multiple very sick patients. From the time she arrived until the time she went home she exemplified the meaning of teamwork. Within 4-5 hours the department returned to a somewhat normal flow. We would not have been able to do it without Katie hitting the ground running!

Thanks for your awesome help!

Reason for Recognition: Teamwork

To: Katie Harding

Katie is always calm and collected when she is in charge, which makes me feel more at ease, even when I am in triage getting cussed out and the department is under siege!

Reason for Recognition: Teamwork

To: Katie Harding

On Team Member Appreciation Day, I want to take a moment to recognize your dedication and hard work throughout the past year! It's hard to believe everything that we've been through together. During this time, we have embraced our spirit of determination in order to care for our community in unprecedented ways. I will always be grateful to the contributions of each and every team member in our Augusta Health family!

Our friends and neighbors know they can rely on us. I know I can rely on you. And you know you can rely on me. Together, we've got this!

June 30, 2021

Katie Harding & Logan Whorley :

The Augusta Health Stroke Team implemented a recognition program that acknowledges those team members who go "above & beyond" to ensure excellent care is provided to our stroke patient population.

On behalf of the Stroke Team, we wanted to personally recognize you for your work with a stroke patient who is now enjoying a wonderful outcome. If it was not for the expertise and great teamwork between EMS, AHT, ED staff, physicians, pharmacy, and CT, we have no doubt the aftermath of this patient's stroke would have been drastically different.

The patient was brought in by EMS with stroke-like symptoms after husband found patient on floor with left facial droop and slurred speech. A Stroke Alert was called prior to arrival. The patient was seen by the physician within 3 minutes of arrival and taken to CT within 5 minutes. UVA Neurology assessed patient and t-PA was ordered and administered within 53 minutes of arrival. This patient had a + RMCA occlusion with proximal clot and was transferred to UVA for a thrombectomy. Prior to transfer, patients NIHSS = 14, upon UVA arrival, NIHSS = 16. Thrombectomy was performed with TIC1 2b reperfusion. The patient overall did very well, was discharged to rehab, and is continues to improve functionally. Patients NIHSS at discharge was 3 and mRS = 3.

Please remember-YOU MAKE A DIFFERENCE and we are so fortunate to have you on the team! Thank you for your dedication to excellence in patient care.
